

## **Newbold Community Growing Together**

### **Mission Statement**

1. To access unused land next to Florence Street sub-station (RBH owned), where all residents within walking distance, along with their families, have the chance to participate in social activities. This would include an onsite community hub/shop to distribute fresh and vital produce for a nominal amount of money to benefit residents.
2. To establish a leadership committee with robust rules in place, to co-ordinate ideas and take the project through to fruition.
3. To hold regular garden meetings at a local venue, where residents are free to discuss their ideas for the community garden.
4. The garden project will be dependent on participants/volunteers in order for the viability of the project.
5. To fund the project, the leadership will seek out available funding sources and apply to local businesses (e.g. Gordon Rigg, The Range, Costa Coffee, Morrisons) to invite their participation.

#### **Other important matters:-**

- Health & safety law
- Risk assessments
- Policies & procedures
- Training
- Public liability
- Utilities for onsite
  - Electricity
  - Gas
  - Water
  - sanitation
